Mr. Wilmoth:

The recent work done by your firm has been completed and I take this opportunity to complement you and your crew on the excellent workman job done.

The reconstruction of the covered patio were done such that there will be little or no problems with it in the foreseeable future. The attention to detail and the quality of the work were outstanding. You and your crew did an excellent and timely job.

Again, thanks for the professional job done. I will be pleased to recommend your firm to anyone I encounter with a need for your services.

Sincerely,

Barry Humphus
