RE: Letter of Commendation – Wil-Meaux Construction Co., Inc.

To Whom It May Concern:

I am writing this as a letter of commendation for Wil-Meaux Construction Co., Inc.. Following Hurricane Rita, my home was severely damaged by four oak trees that had fallen into or onto my house. Shortly after returning to Lake Charles from evacuations, I contacted Mr. Tim Wilmoth of Wil-Meaux and explained the damage to my house. He indicated that they did that type of work and we decided that I would contact him once my insurance adjustor had come out and delivered his report to me.

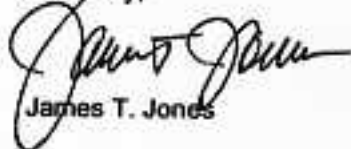

I received the adjustor's report and insurance settlement in December and contacted Mr. Wilmoth at that time. Although they were extremely busy, he said that since I had been one of the first to contact him after the storm, he would prioritize me accordingly. He came to the house provided a bid that fit within the restrictions of the settlement I had received.

Wil-Meaux began construction on my house around the first part of February. Throughout the construction process, Mr. Wilmoth kept in contact with me and consulted with me on details and changes he recommended. The quality of the work performed was very good. Wil-Meaux definitely takes pride in their work and reputation.

Wil-Meaux completed the work on the house and I was able to move back in around the middle of May, which was within the timeframe they had promised.

Needless to say, I have been very pleased with my experience with Wil-Meaux and would highly recommend them to my friends, family or anyone else needing the services they provide.

Sincerely,

James T. Jones
