*To Whom It May Concern:*

*I am ashamed that it has taken me several months to write this letter. About six months ago I had a screened deck added to my home. Wil-Meaux Construction Co. did an excellent job. About a month after completion I noticed areas of the screen that was real lose. They came back out in a timely manner and corrected the problem. I would highly recommend Tim Wilmoth and Corrie Primeaux to anyone.*

*Sincerely,*
