To Whom It May Concern:

This is a letter of reference for Wil-Meaux Construction Inc. I recently had the opportunity to contract with Wil-Meaux Construction to build a one and one half story 900 square foot addition to my home. The addition was a major construction effort that resulted in significant changes to my existing roof line. Wil-Meaux construction built the addition according to plan within the timeframe agreed upon. The quality of workmanship and quality of materials of construction throughout the construction effort were excellent. I found working with Tim and Corrie, owners of Wil-Meaux construction, to be a very pleasant experience. Their attitude of building for others as if they were building for themselves was greatly appreciated by my wife and myself.

I would encourage anyone making a construction contractor selection decision to select Wil-Meaux Construction Inc. The end result product to you, will be peace of mind that the job was done right and done right the first time.

I can be reached at the phone number listed above, should you wish to discuss in more detail the addition to my home built by Wil-Meaux Construction.

Sincerely,

Stephen D. Saunders.
